# StyleLex Make beautiful covered outdoor cabinetry

StyleLex is a flexible system to create beautiful cabinetry for covered outdoor areas.

This unique system offers an extensive range of surface finishes, including matte, woodgrain, and textured options.

## Face panels - 18mm

StyleLex face panels consist of a weatherable HPL laminated to Weatherproof Composite Core (WCC) and are designed for cabinets and joinery in covered outdoor areas.

## Carcass panels - 16mm & 18mm

Carcass panels consist of ABS (18mm) and HPL (16mm) faces laminated to Weatherproof Composite Core (WCC). Carcass panels can be used for cabinet structure, kickboards, base frames and drawer bases.

## Edge banding - 23 x 1mm

Edge banding gives the perfect finish to your outdoor kitchen.
