

Understanding Labels

This section describes the type of cabinet and the part of that cabinet that this panel corresponds to. In this instance, the panel is for the top of a Tall Cabinet.

This section identifies the overall dimensions of this particular part.

Identifies the type of material that your product has been constructed from.

The second set of numbers indicates the number of the product that this part belongs to. In this instance, this part is for the product number 1, which is a Tall Cabinet.

Thick back line indicates the side of the part which has edging along it.

This section identifies edging material.

This section identifies how many parts there are in the completed product. This Tall Cabinet has a total of 8 parts.

Please note: Un-highlighted information is relevant only to the manufacturer. Actual label layout and information may vary - this is for instructional purposes only.
