

# 2Pac Panel Marking Guide

*How to mark painted panels when ordering.*

**Flatpax**  
OUT TO SIZE

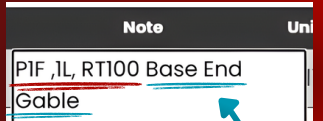

## \* NOTES & EDGING

When ordering 2Pac painted panels, **select the required edging** using the dropdown boxes & add a **code** in the Notes field to show which **faces, edges and returns** require paint. Select the right edges and save \$\$.

**Doors** and **drawer fronts** do **NOT** require codes in notes. **Only panels** require these codes.

To ensure accuracy, all 2PAC orders must include panel codes.

### EXAMPLE OF HOW TO WRITE PANEL NOTES

*Code indicating faces, edges & returns to be painted*

*Panel Description*

## \* PANEL FACE, EDGE & RETURN

### FACE (F)

Front or back surface of the panel.

### SHORT (S)

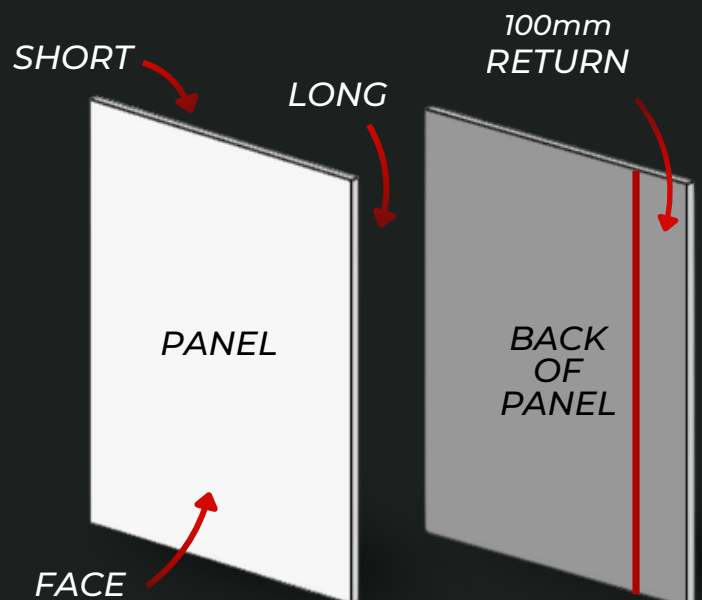

Short edges of panel

### LONG (L)

Long edges of panel

### RETURN (RT100)

Visible section on opposite side of face.

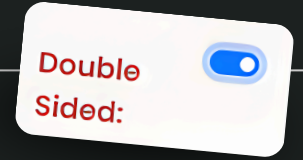

# PANEL NOTES CODES

Use these codes in the **Notes** field alongside your part description (e.g. Under Panel) when ordering painted panels.

## BASIC CODES

CODE	MEANING
P1F	Paint 1 Face
P2F	Paint 2 Face (Panel must be ordered double sided)
P1L	Paint 1 Long Edge
P1S	Paint 1 Short Edge
RT100	100mm Return
LHS	Left Hand Side Panel
RHS	Right Hand Side Panel

*Adjust numbers depending on how many faces, edges or returns require paint.*

## COMMON CODE EXAMPLES

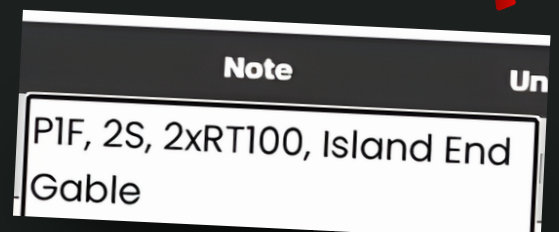

CODE	MEANING
P1F, 1L	Paint 1 face, 1 long edge, Base Packer
P1F, 2S, 1L	Paint 1 face, 2 short edges , 1 long edge, Upper Packer
P1F, 1S, 1L , RT100, LHS	Paint 1 face, 1 short edge, 1 long edge, 100mm return, left hand side Upper End Gable
P1F, 2S, 2xRT100	Paint 1 face, 2 short edge, 2x 100mm return, Island End Gable

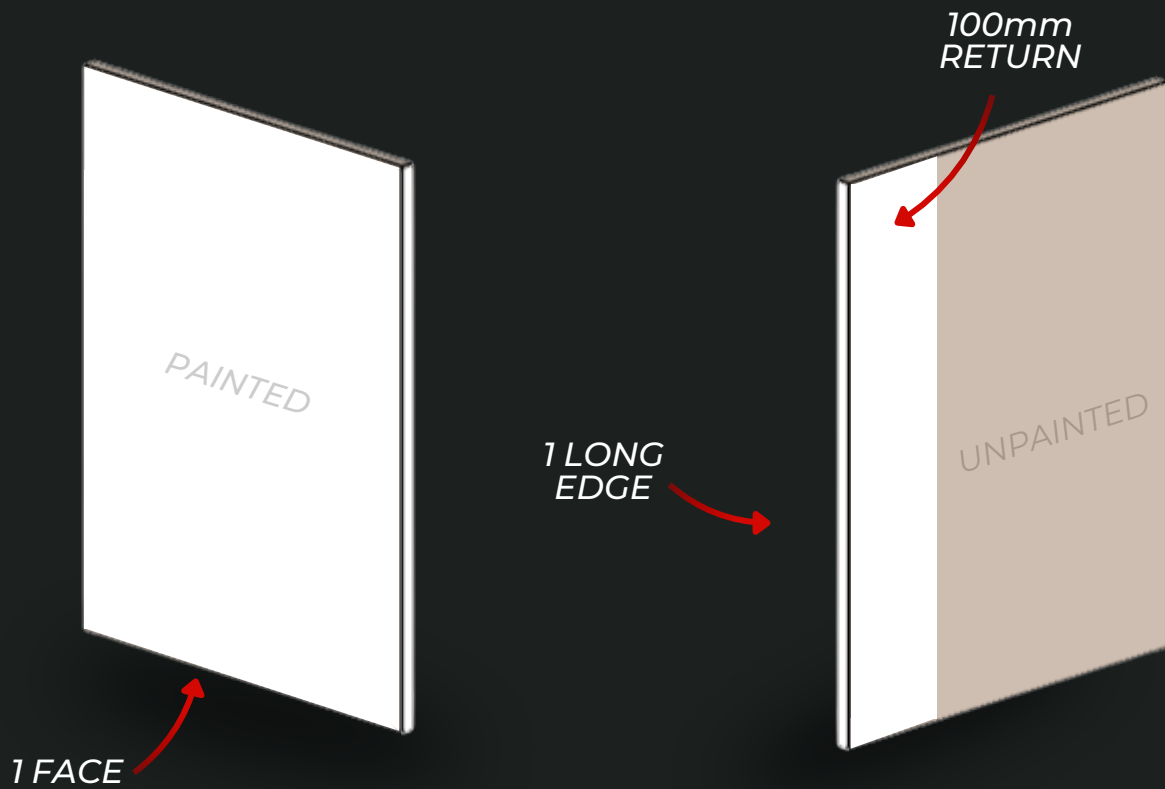

### EXAMPLE

Base End Gable  
P1F, 1L, RT100, LHS

*Paint 1 face, 1 long edge, 100mm return, left-hand side panel*

**100MM RETURN ALLOWS FOR KICK SETBACK.**

Base End Gable

## **P1F, 1L, RT100, LHS**

Paint 1 face, 1 long edge, 100mm return, left-hand side panel.
