NOVER

NOVER

Australian owned and family operated, Nover have been in business since 1954. Starting out as a wholesale distributor to the kitchen and cabinet making industry, Nover have grown to become a popular and trusted supplier over the last 66 years. Today, we have an extensive branch network that covers 14 areas in NSW, QLD and VIC, as well as a reseller network covering SA, WA and TAS. As an Australian owned, local business, we have the ability to be flexible - working with our customers to offer personalised solutions.

Nover's vision is to become the first choice provider to our customers and the wider industry. In recent years, working toward this, we have spent a great deal of time sourcing and securing our own exclusive brands through some of the world's leading manufacturers. This has helped Nover to become a truly unique supply partner - providing customers with an exceptional assortment of quality products that are available exclusively through Nover.
