RUVO Drawer Runners

EXCLUSIVE TO FLATPAX CUT TO SIZE

Why RUVO?

A MESSAGE FROM STEVE - OUR FOUNDER

With over 30 years in the kitchen industry, including over 17 years running my own cabinetmaking business, I understand what trade businesses need from their hardware.

Over 2025 and 2026, I spent time travelling internationally, looking closely at cabinetry hardware, manufacturing and the way products are being made. RUVO came from that search.

The goal was simple, to offer a quality drawer system at a competitive price, making it easier for our customers to order their cabinetry and hardware from one place.

RUVO was introduced to offer better value, more convenience and a simpler way to order.
