Woodgrains

Benchtops & Cabinetry

Design for life.

Laminex® has been part of Australian life for over 90 years. Our commitment to design, innovation, quality and sustainability endures. That's why we continue to produce a beautifully curated collection of decorative surfaces. They're perfect for a wide range of styles and applications to help create inspiring spaces for everyday living.

COVER: Cabinetry and Island: **Laminex Decorated MDF Calm Bluegum TrueScale™** in **AbsoluteGrain®** finish, and Bar Internals: **Laminex Decorated MDF Smoked Bluegum TrueScale™** in **AbsoluteGrain®** finish and **Laminex Decorated MDF Burnt Ochre**. Design by BUNSTON.

Navigating the range.

We know design decisions can be challenging, so to help make things easier we have specifically selected a timeless range of Woodgrain laminates that are split into three categories – Grey Tone, Light Warm Tone and Dark Warm Tone Woodgrains.

Grey Tones

From pale ash hues to smoky undertones, grey tone woodgrains draw inspiration from weathered natural timber and are a versatile choice for interiors.

Light Warm Tones

Light woodgrains offer elegant simplicity and work perfectly for a modern style. These décors are inspired by maple and oak timber and range from pale, golden hues, through to rich caramels and classic mid tones.

Dark Warm Tones

Dark tone woodgrains are inspired by traditional hardwood and encompass a range of mid-brown hues to rich dark chocolates and blacks to create a sophisticated edge.

Laminex® Woodgrain laminates realistically capture the colours, textures and grain detail of natural timbers in a surface material that's durable, easy to clean and affordable. Available in a wide range of authentic décors — recreating everything from oak, maple and birch ply to jarrah and walnut. When compared to natural timbers and natural timber veneers, this range offers a prefinished surface free from additional treatments and coatings and has complimentary edging for a solid appearance.

Laminex® Finishes.

The Laminex® Woodgrains are available in a range of products and finishes for various applications. Here's a guide to each of the laminate finishes:

Natural Finish

A low sheen, smooth touch surface that is a durable and low maintenance option for benchtops and cabinetry.

Flint Finish

A subtle textured finish with a soft sheen that is a durable and low maintenance option for cabinetry.

Chalk Finish

A low-gloss tactile finish with the look and feel of a raw veneer, suitable for benchtops and cabinetry.

Nuance Finish

A combination of matte and gloss that mimics the effect of a sandblasted straight grain to add beauty and realism. Designed for cabinetry and low-wear surfaces.

AbsoluteGrain® Finish

A premium matte woodgrain finish featuring subtle textural variation and intricate detailing to give the organic look and feel of natural timber.

Laminex TrueScale™

Laminex TrueScale™ is a celebration of scale and authenticity. In a market first, realistic, no repeat designs of natural timber are now available, expanding the possibilities of what can be achieved with a laminate surface solution.

Cabinetry: **Laminex Decorated MDF Victorian Ash TrueScale™** in **AbsoluteGrain®** finish, Benchtop and Custom Handles: **Laminex HPL Blackbutt TrueScale™** in **AbsoluteGrain®** finish, and Benchtop Border and Table Top: **Laminex HPL Outback Clay**.

Dark Warm Tone Woodgrains.

Create a rich and moody statement with darker woodgrains. Inspired by reclaimed or detailed timber structures, these décors work perfectly with more masculine, urban spaces, while softer linear woodgrains bring an opulent style to a classic interior.
