TruNatur RV Premium Polymer Veneers

TruNatur Plywood is a lightweight, high-performance panel solution that combines an engineered plywood core with a premium polymer veneer, bonded using advanced PUR reactive hotmelt technology. The premium polymer veneer features a nano coated surface that offers superior resistance to scratches, stains, chemicals, UV exposure and antibacterial protections.

TruNatur Lightweight Plywood is designed for interior decorative vertical and light-duty horizontal applications—including cabinet doors, drawer fronts, face panels, and floating shelves— and offers a high-performance alternative to natural timber veneer in caravans and recreative vehicles (RVs) for weight-conscious design.

Design Guidelines

EGR Decor RV Face Panels are designed for vertical surface applications. Carcass Panels are suitable cabinet frames and other related applications.

For full details, refer to the Installation and specifications Guide, available on egrdcor.com, or talk to your local distributor.

The Environment

None of the colour pigments used in EGR Decor RV Panels contain heavy metals, such as lead or cadmium. The Panels are low formaldehyde EI rated.

StyleLite and TruNatur panels has achieved GreenTag PHD™ PlatinumHEALTH™ rating, recognised by WELL™ and LEED® as a world-leading certification for product health.

Edge Finishing

Compatible Edge Band is of premium quality and offer high resistance to heat, abrasion, impact and colour fade.

Guaranteed Quality

EGR Decor RV Panels feature a moisture resistance (MR) lightweight plywood core and surfaced with either a superior acrylic sheet (TruGloss and TruMatte) or premium polymer veneer (TruNatur), bonded using an advanced PUR reactive hotmelt system for maximum strength and durability.

EGR Decor panels are manufactured in Australia at EGR's ISO 9001-accredited production facilities, recognised for their consistent performance, quality systems, and compliance with international Quality Management standards.

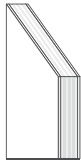

Care & Maintenance

EGR Decor RV Panels can be cleaned simply using wet microfibre cloth or chamois with non-abrasive soap. StyleLite TruGloss features a smooth ultra-gloss surface with a mirror-like reflectivity that can be easily refinished with a quality liquid polish, offering lasting durability with a pencil hardness of 4H.

StyleLite TruMatte features a smooth, untextured matte finish that delivers enhanced scratch resistance and anti-fingerprint performance, with a pencil hardness rating of 6-7H.

TruNatur features a nano coated surface that offers superior resistance to scratches, stains, chemicals, UV exposure and antibacterial protections.

EGR Decor Panels and Sheets

RV Lightweight Plywood Panels

EGR Decor Lightweight Panels use high-quality moisture-resistant plywood, making them ideal for caravan and RV interiors such as cabinetry, furniture, vanity doors, and panels. Available in TruGloss, TruMatte, and TruNatur finishes, they combine style with durability.

StyleLite Acrylic Sheet

StyleLite Sheet is manufactured from high quality acrylic-capped ABS, and features reverse-side treatment for superior bonding performance. StyleLite Sheet is provided ready for manual or machine lamination onto a variety of substrates.

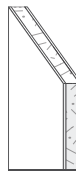

TruNatur Polymer Veneer

TruNatur is a premium polymer veneer-faced panel that incorporates nanosized technology and antibacterial properties, offering a high-performance alternative to timber veneer. This advanced technology effectively inhibits the growth of bacteria, including Staphylococcus aureus and Escherichia coli, ensuring safe and clean living spaces.

RV Lightweight Plywood Carcass Panels

EGR Decor lightweight plywood carcass range has been developed to provide the optimum balance of light weight, high strength and long term durability for many applications in Caravan and Motorhome fit outs.

RV Carcass Panels

RV Carcass is available in 3 different surface finishes and 2 thicknesses.

- PVC is economical & the lightest weight.
- Laminate is highly durable & the most rigid.
- ABS is a premium appearance combined with ease of fabrication & rigidity.

Features:

- Lightweight and high strength
- Easy to clean textured surface
- High moisture resistant structure

Edge Tape
